Featured Speaker: Jor-El Godsey

Heartbeat International's Vice President of Ministry Services Jor-El Godsey delivers a first-hand perspective of the pro-life movement as someone who has served in the trenches, both as a volunteer and Executive Director of a pregnancy resource center in Colorado. Jor-El speaks to the reality of the role men play in an abortion decision and the opportunity for recovery and renewal. He met the love of his life, Karen, at a volunteer training at the pregnancy resource center where they both served in Florida.
